

The diagram features a robot in the bottom-left corner, represented by a blue circle on a grey rectangular base. A horizontal line with a red square at its end extends from the center of the robot. A yellow speech bubble with a black outline points from the robot towards the top-right. Inside the speech bubble, a yellow rectangular box contains the text "go:100 ; turnLeft:90 ; go:200". The first two parts of the command are red, and the last part is green.

```
go:100 ; turnLeft:90 ; go:200
```
