

A diagram showing a blue circle with a black outline, centered within a gray square. A horizontal black line extends from the center of the circle to the right, ending in a small red square. A yellow callout bubble with a black outline points from the top of the gray square to the right. Inside the bubble is a yellow rectangular box containing the text "color: Color green" in red. A green vertical cursor is positioned at the end of the text.

color: Color green
